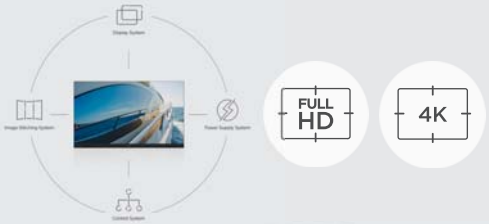
All-In-One Direct View LED Displays

Seeing is believing with ViewSonic's innovative all-in-one Direct View LED displays. With huge 135", 163" and 216" screen sizes, these displays make a sizable impression in any corporate lobby, boardroom or conference room, boasting seamless and stunning video wall images in Full HD and 4K resolution.



- All-in-one design includes LED tiles, AV hardware and software, power supplies, and cables
- Available in 135", 163" and 216" screen sizes – so you can simply pick a size that is right for your space
- The ViewSonic® LDS135-151 Direct View LED Mobile Display is a perfect solution for conference rooms and lobbies thanks to an included flight case, mobile cart and convenient foldable 135" screen
- With 120% Rec. 709 color accuracy, an ultra-fast 4,440Hz refresh rate, high brightness and a greater contrast ratio, these displays deliver jaw-dropping, lifelike color and stunning images

Digital Kiosks / ePosters

Perfect for up-close, high-impact messaging, ViewSonic all-in-one digital kiosks feature eye-catching images within sleek and slim designs. Great for grabbing attention in busy, high-traffic areas, these kiosks feature a scratch-resistant tempered glass faceplate for added durability.

- Available in sleek single, or double-sided designs, our free-standing ePoster kiosks make it easy to replace old-fashioned backlit printed signs and are also great for wayfinding applications
- Options available for touchscreen and non-touchscreen solutions
- Powerful all-in-one SoC with built-in multi-core media player with 16GB storage for photo and video playback
- A convenient media player cradle can accommodate a PC or an additional mounted media player, while a lockable door keeps things secure and out of sight

- A built-in ergonomic kickstand can be precisely adjusted through 55 degrees of tilt
- HDMI out for easy content mirroring to large screens

IDEAL FOR:

- **Conference rooms**
- **Training rooms**

AVAILABLE MODELS:

- ID2456

Conference and Training Room Solutions

ViewSonic conference room solutions are ideal for large multipurpose rooms and training rooms accommodating anywhere from 50-400 people. Our Direct View LED displays deliver huge screen sizes for high-impact messaging, while our digital podium solutions and interactive displays add more engagement to the presentation. Whatever combination you choose, our solutions ensure that everyone is seen, heard and understood.

Digital Podium:

- The presenter can use an interactive touchscreen at the podium to control and annotate on the presentation. See page 22 for additional product info.

All-in-One Direct View LED Solution:

- The main display can be a pair of large Direct View LED displays in landscape mode that can either duplicate the same screen, or display a single ultrawide presentation to wow the audience (extended desktop). See page 4 for additional product info.

Secondary Displays:

- Duplicating the content from the main display onto multiple secondary displays allows attendees in the back of the room to see and hear the presentation. See page 6 for additional product info.
